Extract from the Petzl Technical Notice: A15_VIZIR_A155050E (030812)

Field of application

Eye shield that protects against flying particles, for work at height and outdoor work. CE EN 166 (class 1 optic)

ANSI-ISEA Z87.1-2010.

The VIZIR protects against high speed flying particles (average impact energy $B = 120$ m/s).

It is compatible with the VERTEX (2011 version) and ALVEO helmets.

This product must not be pushed beyond its limits, nor be used for any purpose other than that for which it is designed (for example, electrical shock and/or molten metal splash hazards).
